2. By continuing efforts to increase our corporate management's transparency and ensure fairness and independence, we will build relationships of "mutual trust" with all stakeholders, including our shareholders, customers, employees, business partners, and local communities, aiming to be an indispensable presence in society.

Article 4. General Meetings of Shareholders

1. Notice of convocation of an Ordinary General Meeting of Shareholders shall be dispatched to all shareholders at least three (3) weeks prior to the date set for such meeting, and shall also be posted on

our website as soon as possible, in order for each shareholder to have sufficient time to consider the agenda for such meeting to appropriately exercise its voting rights.

2. We will seek to improve the environment for the appropriate exercise of voting rights by all shareholders entitled to exercise voting rights by preparing English translations of notices of convocation or by other means including the use of a platform for the electronic exercise of voting rights.
3. If the number of votes against any proposal at any General Meeting of Shareholders reaches a certain level, the Board of Directors shall have dialogue with our shareholders or take any other measures after analyzing the cause of such opposition.

Article 6. Securing the Rights of Shareholders

1. With respect to any capital policy which results in a change of control or in material dilution, we will carefully examine the necessity and the rationale of such policy at a meeting of the Board of Directors and ensure appropriate procedures and provide sufficient explanations to our shareholders in order to not unfairly harm the interests of existing shareholders.

2. We will examine whether the purpose of a cross-shareholding is appropriate from a medium- to long-term perspective and whether the benefit and risks related to such cross-shareholding are appropriate given the capital cost and will report to the Board of Directors on a periodic basis. The Board of Directors will assess whether such shareholding contributes to the enhancement of our medium- to long-term corporate value based on the outcome of such examination, and will decide on whether to continue the cross-shareholding or to dispose of such shares. If our holding of any shares loses its significance, we will dispose of and reduce as appropriate our holding of such shares after considering the circumstances of the issuer. Additionally, in reviewing the significance of holding shares, the Board of Directors will do so individually for each specific holding.
3. In voting any of the shares held for cross-shareholding purposes as to any agenda item, we will determine whether or not to vote in favor of such agenda item after closely examining comprehensively whether the relevant vote would contribute to the enhancement of the issuer's and our corporate value, while fully respecting the issuer's management policy. A close due diligence review will be performed in case an issuer records losses for certain consecutive periods, its shareholder value is significantly damaged as a result of reorganization, or there is a matter of serious concern regarding the issuer's corporate governance such as a corporate scandal.
