### Editorial Postscript

Thank you very much for reading Integrated Report 2025. As part of the revised medium-term management plan, we put the focus on "people" and incorporated the voices of many of our employees in Japan and overseas in producing this year's report. We hope their voices will convey, even if only in a small way, the background, challenges, and commitment behind our initiatives. Going forward, we will continue to value dialog with stakeholders and to work diligently to create value through highly transparent disclosure of information, as well as our investor relations, public relations, and sustainability promotion activities.
