

# Fiscal Year Ending March 31, 2017 (FY2017), Second Quarter (2Q) Financial Results Presentation

November 2016 Wacoal Holdings Corp.

**FY2017 Business Results Forecast** 

Capital Policy and Shareholder Returns

## Financial Results Summary (Consolidated)

In domestic business, directly managed stores performed favorably but there was a slowdown in the wholesale business. In overseas business, a decline in sales due to the appreciation of the yen had a substantial impact. Sales and operating income both decreased compared with the same period of the previous fiscal year.

# Capital Policy and Shareholder Returns (Shareholders' Equity)

In 2Q, assets decreased due to the effect of currency translation, in addition to efforts to purchase treasury stock and sell cross-shareholdings.

We will continue to implement a flexible capital policy while maintaining a strong financial position, and aim for ROE exceeding the cost of equity.
